

Project |SEARCH Bradford

Drop-In Information Session

Wednesday 5th December

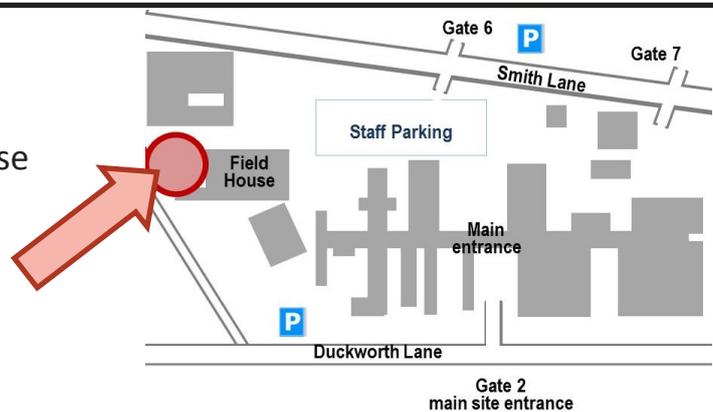

2018 1.00pm - 6.00pm

Project|SEARCH Base Room, Field House

Bradford Royal Infirmary,

Duckworth Lane, Bradford,

BD9 6RJ

Project|SEARCH Bradford offers a unique opportunity for young adults with learning disabilities, aged 18 to 25, to develop skills for the work place and be supported in their search for employment.

At our Drop-In Information Session you can find out more about the Project|SEARCH Bradford programme, how it works, and how to apply. Our team works hard to ensure that we deliver high quality support to our interns, working together to achieve an end goal of paid employment. At the event you will be able to get further information about Project|SEARCH Bradford, meet the Tutor and Job Coach, and find out more about the placements interns can do as part of the programme. Drop-In to our base room at the BRI any time between 1.00pm and 6.00pm on Wednesday 5th December.

Please visit our website www.projectsearchbradford.org.uk for more information about the programme, and how to apply.

What is Project |SEARCH Bradford?

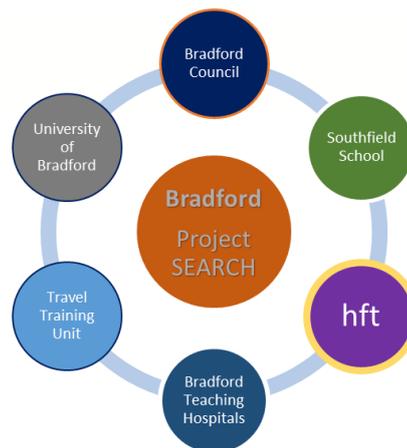

Project|SEARCH started in the 1996 at the Cincinnati Children's Hospital Medical Centre, in America. Since then, Project|SEARCH has grown from a single program site in Cincinnati to hundreds of sites across the United States, the United Kingdom, Australia and Europe.

Project|SEARCH's primary goal is to secure competitive employment for people with disabilities.

How does it work?

In Bradford, six partners work together to make the project a success. These are: Southfield School, HFT, Bradford Teaching Hospitals Trust, Bradford Travel Training Unit, Bradford Council and the University of Bradford. Project|SEARCH Bradford is an Annual Programme which provides three "work rotations" for students in their final year of education or in their first year of supported employment. It involves systematic instruction, learning new tasks and skills and then building up

to a full role. Each Intern has a mentor, who provides continual feedback on performance and supports development. We aim for our mentors to be the best people at the jobs, so that the Interns have good role models.

Who can apply?

The programme is open for young people aged between 18 and 25 who have a cognitive learning disability.

We are looking for interns to start in September 2019, who are reliable, ready to work hard and are committed to aiming for paid employment at the end of the programme.

Applications are due in by Thursday 31st January 2019.
